ХАРАКТЕРИСТИКИ

Обзор

"SHOOTERS WATERFRONT" is the finest Hinckley 48' Motoryacht on the water with only 500 hours on her Cummins Common Rail engines. She was spared no expenses when built, and has been superbly maintained ever since. The Hamilton Waterjet Drives offer a cruiser for the shallow areas in the Bahamas, or a great cruiser all the way to New England.

ПОДРОБНОЕ ОПИСАНИЕ

Manufacturer Provided Description

At just under 50 feet, the Talaria 48 provides ample room for two people as well as kids, grandkids, or special friends to stay a weekend or longer. Its overall aesthetic captures the beauty of Hinckley design: a seamless transition from the deck to the hull to the waterline and the environment to which it belongs.

Overview / Accommodations

"SHOOTERS WATERFRONT" is the finest Hinckley 48' Motoryacht on the water with only 500 hours on her Cummins Common Rail engines. She was spared no expenses when built, and has been superbly maintained ever since. The Hamilton Waterjet Drives offer a cruiser for the shallow areas in the Bahamas, or a great cruiser all the way to New England.

She offers all of the state-of-the-arts electronics with the integrated joystick control with a "Hoverlock" Station keeping and "heading hold" while waiting at bridges.

"Shooters Waterfront" was built to the highest quality of each and every component built into her, from her exterior appointments with varnished exterior Teak, to her flag blue hull with a light cream deck, chrome boat strip and red bottom job.

The Cockpit/Aft Deck offers matching "L-shaped" settees port and starboard with a starboard side walk-through to access the swim step.

From the Cockpit you enter the Salon through stainless steel full-height tinted curved entry doors. Custom "U-shaped" settees are port and starboard for casual entertaining; upholstered with Kravet Soleil Windward Rogetta Fabric.

Forward of the Salon seating is the twin helm steering station to starboard with a matching third helm seat to port. All the helm seats are Stidd 500 N with two footrests. Other Salon features include: pleated blinds, varnished wood, steering wheel, and full Roman shade for salon door.

The Galley is located forward of helm and down three steps with a "U-shaped" Galley counter with a U-Line 2-drawer refrigerator and a top loading stainless steel freezer box. A Kenyon 2-burner cooktop, Dacore MMD 24 Grohe microwave.

The Master Suite is all the way forward and offers a walk-around queen berth and an en-suite head with separate shower stall and Grohe fixtures.

Aft of the Master is the Guest Stateroom aft and starboard with a twin bunk layout and

ample storage with drawers under the bunks.

The Guest Head is forward of the Guest area, which can be accessed from either the Guest cabin or the hallway. The countertops are done with Corian with a stainless steel sink and fixtures; shower stall is forward with Plexi-glass door and Grohe Fixtures.

The interior exudes Hinckley's quality with her satin finished Cherry wood work in the Galley, open lower Salon, heads and the Master cabin and high-gloss varnished Pilothouse. Her cabin sole is exemplary with bright varnished teak and Tulipwood.

Upgrades / Features

- Hinckley DualGuard® Composite Construction- Kevlar®/E-glass outer skin. Corecell M foam core. Carbon fiber/e-glass inner skin. Laminated with vinylester resin using (SCRIMP®) method.
- Cummins 715hp Common Rail Engines
