Model: C32

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Information

ARQUIMEDES is a CNC 95' sporting a semi-displacement shaped fiberglass hull custom built by Cantiere Navale Crotona Yachts of Italy in 2010. The design is a very modern and elegant flybridge with large continuous threaded squares in a characteristic and beautiful metallic bronze gray color and gorgeous Burma teak decks. Her spacious and modern interior was designed by architecture studio Hot Lab of Milano. In the winter of 2012 she received a complete refit of interiors and exteriors by The Benetti Division at the shipyard of Viareggio.

ARQUIMEDES can accommodate eight guests in four staterooms, these staterooms consist of a master suite located amidship furnished with a king size berth, a VIP stateroom located forward furnished with a king size berth, and two guests' staterooms with two single berths each. Three spacious bathrooms with double sinks and all the amenities of home are located throughout the yacht. This beautiful ship has a full kitchen with ample dining space. The formal dining area fully equipped with wine cellar, features an oval table by renown designer Saarinen and chairs by Moroso. In the living space luxurious leather furniture creates a seating area that takes full advantage of the expansive views. The parquet floors, light surfaces, custom wood cabinetry and metal accents give the spacious interiors a modern and lavish feel.

There are also laundry facilities onboard, and separate quarters for up to four crew members with two bunk beds and full head with separate shower. Powered with twin Caterpillars C32 ARQUIMEDES reaches a speed of 19 knots at full throttle, while she cruises at 14 knots with a range of approximately 800 Nautical Miles, on long trips fuel consumption can be reduced to increase the range considerably. Impeccably maintained by a professional crew this Yacht shows spectacular from the engine room to the bridge. A must see. Call today for a Private showing!

NOT FOR SALE TO US RESIDENTS WHILE IN US WATERS
