## KEY FEATURES

---

- SEAKEEPER Gyro
- Volvo IPS 900's w/ Joystick control
- Volvo Dynamic Positioning System
- Fuel polishing system
- Electric Aft Deck Canopy
- Hydraulic Swim Platform

## Overview

---

This is a unique example of the 52 Sunseeker with features and upgrades rarely found on her sisterships which set her apart, including:

- **Sea Keeper Gyro** The gyro can be engaged with the touch of a button to dramatically reduce vessel roll. Sea Keeper control boards upgraded 2017
- **IPS System** with Joy Stick controls for maneuvering at the dock with ease. Also offers up to 35% more efficiency at cruising speeds
- **DPS-Dynamic Positioning System** allows the boat to be fixed in a stationary position with the aid of an integrated GPS. Especially useful in docking situations and bridge openings. DPS antenna upgraded 2017
- **Fuel Polishing System** added, essential for long range cruising, especially in the Bahamas.
- **Aft docking station** An additional helm station with Joy Stick control is located in the cockpit
- **Custom crew cabin** Installed at the factory, this additional space provides a berth, head and shower for crew along with a washer/dryer

Accommodations include three staterooms with a full beam master amidships, upper & lower bunk stateroom and a queen VIP forward. Interior woodwork throughout is done in satin finished cherry. Her "Moon Dust" beige hull and flowing profile will make her stand out at any dock.

She has been dry stored in an indoor facility during summer months. All exterior gel coat is in outstanding condition. Engine and pod services are up to date. She received fresh bottom paint and Prop Speed just prior to launching, October, 2018.
