## Overview

Horizon P140

**\*Please note that this listing represents a model specification for a new build and not an actual hull for sale. For more information on this model and build availability, please contact us\*\***

Born out of the success of Horizon’s superyachts, the P140 model features an exterior design that offers increased performance with a bulbous bow as well as an extremely functional layout on her 28-foot (8.5M) beam. You will cruise in complete comfort and luxury on the P140 thanks to her six guest accommodations – including an on-deck master – voluminous main deck salon, formal dining for 10 guests, skylounge salon, and numerous outdoor entertaining spaces. The new P140 is the largest FRP hull built in Horizon’s yacht collection and is built as standard to RINA classification and under EPA (Environmental Protection Agency) and IMO (International Maritime Organization) MARPOL regulations during construction.
