Broker Remarks

The 43' Jim Smith *Sapelo* is the ultimate new age Sportfish. The vessel features full "walk around" capabilities for fishing or simply tying the lines to the dock. Furthermore, taking advantage of the outboard application allows access to skinny water, ease of maintenance, and cabin room. *Sapelo* is genuinely outfitted to do a bit of everything which puts it into its own category of superiority. Such an elite boat deserves the top crew and *Sapelo* shows it. The vessel was just serviced and holds platinum warranties until December 2024 and shows impeccably. Jim Smith tournament boats are not only built to be extremely durable, but to have a ride that backs it up. A Donald Blount bottom has proven time and time again to be superior in high seas and this 43' is a perfect example. The *Sapelo* truly marries modern design with traditional physique grasping every edge of high end vessel capabilities.

Exclusions

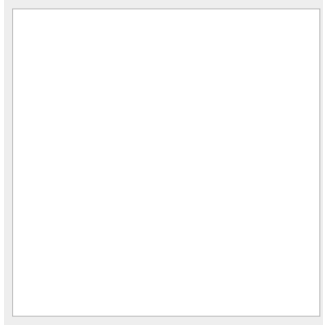

Owner's personal belongings.
