DETAILED INFORMATION

2017 37 Viking Billfish

The Viking 37 Billfish is the perfect answer to those wishing to move into an entry level sportfishing boat as well as for the serious diehards out to set world records or just light tackle fishing. She is the perfect boat to ship around the world.

Proudly made in the USA featuring a SEAKEEPER, watermaker, custom tuna tubes and reaching a top speed of 40 mph, this beauty can spin on a dime and back down with an agility that surprises even the most experienced fishermen. This boat has all that the bigger Vikings offer in regard to layout, quality construction, easy access to engine, bilges and wiring. This Viking build did not compromise on anything, featuring excellent fit and finish with high-gloss Juno teak wood. A/C is found throughout, including the salon, command deck and even at the mezzanine, which offers much more than a great seat from which to watch the action in the 86 square foot cockpit which includes a refrigerated fish box and tackle center with bait prep center and tons of storage under seats. Fully forward is the centerline full berth stateroom with a private head. Fine woodwork is evident, as are large storage areas. A fully equipped galley is amidships, and the salon features two large bench seats and dinette, all air-conditioned.
