Тип топлива: Diesel

ПОДРОБНОЕ ОПИСАНИЕ

YACHT DESCRIPTION AND DETAILS

'Donna Marie' was designed with and for a family that has owned multiple yachts. They wanted fresh stylish furnishings without leaving all of the traditional detail they love and are used to. The result is a yacht with traditional cabinetry elements and crown molding in combination with fresh, current furniture designs and fabric selections. **Main Salon Features:** Satin Cherry Wood Pomele Sapele Accents Emperadora Light Marble cabinet tops (2) Full height china/stemware cabinets (2) Wine Coolers /48 bottles ea. 42" Flat TV & Entertainment cabinet Classic Oval Wood design in cabinetry Owners concealed desk and storage Pomele Sapele Credenza w/ bun feet Crown molding AC supply Walk up Bar w/concealed sink, bottle and glass storage and ice maker (2) Rectangular recessed soffits in Faux Venetian platinum color plaster **Entertainment-Bar and Service special features:** The owner of this vessel entertains on his current yacht often with small groups of friends that frequently include his Captain and his Wife. It was important to include all the required elements for easily entertaining in Main Salon, Galley (another of the owner's favorite gathering areas) Aft Deck, and Fly Bridge. The Main Salon has an Armoire style walk up bar with refrigeration, ice maker, marble top with a recessed sink, Mirrored interior with glass storage, wine and bottle storage. Forward in the salon, there are also (2) 48 bottle wine coolers to separate reds and whites. There is also a 3rd wine cooler next to the stewardess's large supply cabinet. Owners concealed desk: Another unique feature is the concealed/ convertible desk in the dining area on the port side. This was designed for the owner that wanted a quiet work area on the main deck away from the typical work areas of the pilot house and galley table. It is completely concealed in the dining port buffet and the cabinet face appears to match the Starboard dining buffet but is organized specifically for correspondence and a computer. 26 square foot room Crown Molding with concealed AC Mirrored Ceiling **Day Head Fabrics and Furnishings:** Wall Covering- York Walt Disney/Natural resources Fine Art Sconces-(2) Singapore Modern Silver Kohler Glass Vessel Sink Kohler Lavatory Faucet **Galley:** Like most American yacht owners, Hargrave buyers like country kitchens, so 'Donna Marie' follows suit. However, rather than have a bank of windows forward above the eating area, there is abundant cabinets for stowage. They're deep enough for platters, a nice touch, which can then be staged for serving at the stone-topped prep island. More stowage lies beneath the seats. **Pilothouse:** Fitted with a good-size observation settee and already roomy, the Donna Marie's raised pilothouse feels even larger than it is. Because the captains of previous Hargraves have requested more stowage and work space, the yacht has a pull-out desk on the port side. The helm chair closest to it swivels to face it. Also due to requests, stowage was created for a fax/copier behind the cabinets.

Lower Foyer: Look all the way down, and you'll note a marble sole in the foyer. It features a combination of Gray Emperador and Dark Emperador marble, with ring-

pattern inlays. The design features are more like those that you'd see aboard larger megayachts. **Features:** (2) Fine Art Sconces- Portobello Road/Platinized Silver Custom Console table-Gray Emperador and Pommel Sapele Crown perimeter recessed soffit Bosch front load washer/dryer behind cabinet Majilite Upholstered walls-Elegance/Ivory

Master Stateroom: Because of the healthy-size country kitchen, the Master Stateroom is situated belowdecks. It extends through the full beam just forward of the engine room, with his and her heads sharing the shower. Two walk-in, cedar-lined closets handily hold whatever clothes you take on a trip. **Features:** Sitting Area (2) 7' Walk in Closets (2) 90" Dressers 9' x 10' recessed soffit Dual Door Entry 400 square feet King Bed with upholstered head and footboard His and Hers bath in Pearlato (Ivory) Marble and Amber Onyx **Guest Staterooms:** Two of the three guest staterooms aboard 'Donna Marie' feature nearly king-size berths (the other is a queen). The frosted-glass effect on the bulkhead brings a touch of elegance to the decor. The same holds true with frosted glass light strips on the mirror in the en suite heads. **Features:** (3) Guest Staterooms with King size beds (2) Top Brass-Jasmin Brush nickel Sconces Dual Closets in all and dressers/Armoires Imperial Cream Marble Baths Extra insulation between Guests room walls Classic Oval Wood design **Aft Deck and Fly Bridge Features:** Polished SS safety gates at all exposed steps for children and pets 10' Gloss teak dining table Sub Zero Beverage drawers (3) Stidd Helm Chairs on FB 8' Aurora Granite Curved Bar Diagonal Teak Herringbone Design **Crew Quarters:** **Features:** (2) Single bunk cabins that share a head (1) Captain's cabin with queen bunk and private head (1) Tall refrigerator and (1) Upright Freezer 10' of work bench and tool storage **Mechanical Equipment:** Hydraulic Bow Thruster HPS-60hp w 16" tube Hydraulic steering by Hynautic, adaptable to auto-pilot Engine Alarm System for low pressure & high temperature supplied by CAT 200 GPD Headhunter Treatment Center Vimar sockets and switches in all rooms (8) 200 amp/hr batteries for engine & ship power Indirect rope lighting under valances in salon staterooms, sky lounge and galley Lights in closet on micro switches Bed on Hydraulic cylinder in Master, VIP x 2 plus captain Granite counter top in galley Helm and Passenger seat on Fly Bridge (3) Freeman Hatches Sea Chest 100 AMP Galvanic Isolator x2 (5) 3-Ton Cruisair Chilled Water Units Port and Starboard pilot house side door Additional SAE "A" PTO Adaptor for 2nd engine as backup steering system (2) Cat C-4.4T Marine Pkg Genset 12V Package (2) rating 44Ekw (60hz) 220V @ Sentry battery charger 1x30amp 12v, 1x30amp 24v, 1x80amps Watertight bulkheads in engine room Naiad Stabilizers Model 360 w/12 sq. ft. fins w/ Datum control Double stabilizer & bow thruster backup pump on back of prt & stb transmissions (2) ZF Controls and (2) bow/stern thruster controls Sea Fire FM-200 engine room fire extinguisher system Reverso oil change pumping system Engines, trans & Gen Orbordorfer fuel transfer pump with Fill rite flow meter Tide Seal dripless shaft logs and rudder post Double Racor filters for engines ESI Fuel Polishing System Glendenning cable master w/100amp Cable master x2 Maxwell Nilsson Stern Winch (2) VWC3500 at aft deck SeaFire Smoke and Temp alarms (10 units) Jabsco emergency crash clutch pump 18330-0000 (2) Acme Isolation transformer with boosters HPS 60hp stern thruster Delta T ventilation fans and demister Air auto door on aft deck w/ manual override sensor Twin bow anchor
