SPECIFICATIONS

Overview

A good looking flybridge cruiser with a nice low cabin profile will run as good as it looks. Sporting twin 370HP Cummings engines separates this one from the rest of herd; most of these have gas engines and less horsepower. A full tuna tower with outriggers makes this one a fantastic fishing machine. Perfect for overnights and long days on the water since you can relax in the AC and shower up in the full head. A very nice family boat that does it all, with room for all!
