SPECIFICATIONS

Overview

The flagship model from Everglades the 435CC is one of the most sought after 40+ center consoles on the market. The layout is functional and luxurious at the same time, something that a lot of large center consoles have a tough time achieving. There is no need to sacrifice comfort on this center console and with the ability to add quad 425 HP Yamahas on the back you will not only be the most comfortable but one of the fastest.

With a 400-mile range at 40mph you have plenty of range to run out to some of the furthest fishing grounds our oceans have to offer. The second row of seating will keep you and 5 others dry and comfortable in the roughest conditions. Once you get to your fishing spot the Yamaha helm master system can keep you over a wreck in 300ft without having to drop anchor, extending the amount of time you and the crew have lines in the water. Add a full second station with outriggers and helm controls; the options are almost endless!

If you have little ones or just want a place to get some AC the center console cabin has become very popular. This 435CC has AC, fresh water shower, refrigerator, microwave and all the necessary items to stay the night on your center console! Technology has us to go farther, faster and still be comfortable. Running off shore power or generator power you will always be comfortable on your new 435CC Everglades
