DETAILED INFORMATION

Accommodations

"WANDERLUST" offers accommodations for six owners/guests in three luxurious cabins, with two full heads with separate showers. The port side aft head is part of the full-beam Master Suite. Located at midship and the forward full head with separate large stall shower forward. To starboard for the VIP forward cabin and shares with the port side upper/lower bunk stateroom located at midship to port.

Vessel Walkthrough

From the integrated swim platform aft with n-shaped stainless steel safety rails, access to the full-beam teak covered Cockpit, is thru a transom door to port. The Cockpit sole offers a large hatch at center to access the open and spacious Lazarette, where the fresh water tanks with pumps, central Vac, batteries and their chargers, easy access to steering RAM with associated hydraulic ram and hydraulic system and reservoirs for the trim tabs are located. The amount of storage for fenders, exterior furnishings, cleaning supplies and accessories is abundant. Port and starboard of the Cockpit area are few steps to access the full walk-around decks, a secondary aft access to the Flybridge, a Jenn-Air BBQ grill, storage cabinets, fold-out engine controls (Kobelt) with engine start/stop and two molded steps give access to the double doors entrance to the main Salon forward. From the Cockpit, one can easily access the full-beam, stand-up Engine Room thru a hydraulic assist hatch at center forward. The Salon on **"WANDERLUST"** is wide and open to the raised settee forward to starboard. A long U-shaped sofa with custom coffee table is to port and two large chairs with a matching round cabinet to starboard (Re-upholstered in 2018). The large windows all the way around are enhanced by fabric Lambrequins, concealing the Hunter Douglas privacy Silhouette window treatments. The off-white overhead liner and light color carpeting offer a nice contrast to the unique Bird's Eye Maple wood paneling and cabinetry made especially for this 58' West Bay. A cabinet with stone countertops is forward to starboard and houses the A/V components with flat screen TV and liquor storage. Three steps forward at center gives access to the Galley to port and raised settee across to starboard. There are Pilothouse doors port and starboard, to access the side decks. The Galley features a full Side-by-Side refrigerator freezer, with ice dispenser, a trash compactor, double stainless sink, full-size oven, microwave/convection oven, dishwasher and garbage disposal. The Pilothouse helm is at center with great visibility all the way around. The Captain's Stidd chair overlooks a well-organized ergonomic console with all engine controls and instrumentation as well as navigation & communication systems. The raised settee accommodates a party of 3-4; the tabletop base is a large storage cabinet for dish storage. The lower deck is accessed thru a carpeted curved stairwell. From the lower foyer, one can access all the staterooms. Going aft in the companionway is the access to the full-beam Master Suite. From the

Galley/Pilothouse area is the access to the Flybridge, above thru a curved stairwell and hatch. The Flybridge features a complete helm station with a Stidd chair and repeaters of all instrumentation. The symmetrical L-shaped seating, port and starboard features a rectangular table for each side and can easily seat a total of a dozen guests. The Boat Deck aft has a crane and a tender that was purchased in 2010.

Aft Deck

- Kobelt custom Cockpit controls
- Gen-Air electric BBQ
- Cockpit storage lockers
- Engine Room access hatch
- Ladder from Cockpit to Bridge Deck
- Courtesy lighting
- Teak table with Teak chairs & umbrella

- Watermaker-Village Marine
- Toolbox & tools

Remarks

West Bay Shipyard is located in British Columbia, Canada. Over 90 of the 58' Series have been built and delivered between 1992 and 2005. West Bay's offer timeless lines and luxurious accommodations in a "world class" composite construction series built. Designed for ease of operation for family enjoyment, she represents one of the best values on today's market, for an entry level yacht. **"WANDERLUST"** was designed and

built for a knowledgeable yachtsman, who owns her since new. She has always been maintained and upgraded; hard to find a vessel of her quality and class in her price range. Bottom paint, prop speed, and full detail-compound and wax just completed, October 2018!

Exclusions

"WANDERLUST" is a registered name and does not convey. Exclusions are to include but are not limited to, all owner's personal items. A detailed list of exclusions will be provided at the time of sale, upon written request.

Exclusions

Owner's personal belongings.
