## Overview

---

**Be sure to watch the walk-through video!**

**Hercules II** is a very clean example of the incredibly stout and popular American Tug 34. Her single diesel is very economical to run, and her bow and stern thrusters make her agile in close quarters.

If you are comparing her to the similarly designed Nordic Tug 34, the easiest way to describe the difference between the two is simple... There is so much more space in the American Tug, that you could almost fit a Nordic Tug inside it.

This American Tug has been very well maintained by her knowledgeable owner. Her bilges, machinery and engine spaces are as clean as they come. All service records are available.

This one is ready to go.

### Highlights Include:

- **Cummins QSB 5.9 Common Rail Electronic Diesel (2,259 hours-Immaculate!)**
- **Northern Lights 6KW Genset (452 hours)**
- **Sidepower Bow and Stern Thrusters**
- **Custom Salon with Desk Area (Easily Customized)**
- **30,000 BTU Total Reverse Cycle A/C**
- **KVH M3 Satellite Dome**
- **Magnum 2700W Inverter**
- **Dual Raymarine C-120's, Autopilot, And Tri-Data**
- **AGM Batteries**
- **Bottom Painted 2017**
