SPECIFICATIONS

Overview

The copious large yacht features ingeniously fitted within a manageable owner/operator framework is the cornerstone of the Horizon V68. Created in collaboration with world-renowned designer Jonathan Quinn Barnett, she has been well planned throughout with spacious accommodations, wide side decks, and a voluminous interior on a 19'6" beam that takes advantage of large windows in the main deck and cabins.

She offers a flexible three or four stateroom layout, with optional crew quarters aft, as well as various configurations for all three decks, including an open and enclosed bridge. The V68's plumb bow design – a striking feature from Stimson Yachts' hull design – allows for a longer waterline and reduces drag at lower, displacement speeds; the larger hull beam also makes for greater stability when it counts most.
