SPECIFICATIONS

Overview

Beneteau Gran Turismo 40 Hull #111 in Ft Lauderdale, FL!

From Beneteau, the world's largest manufacturer of yachts, comes an entirely new design in the express cruiser category. This GT 40 replaces the very popular GT 38. Italian super-yacht design firm Nuvolari-Lenard designed her looks, which we think makes it the best-looking 40-foot cruiser out there.

She is equipped with generation 2 of Beneteau's patented air step design which increases her top speed by 1.5 knots and allows her to carry an additional 1,500 lbs with the same engines as the 38 GT, the D6 370 HP Volvo diesel. Cruise easily at 30 knots (38 knots total).

Every new Beneteau comes standard with a 3-year stem to stern warranty and a 7-year structural warranty.

Basic Information

Category: Motor Yacht

Model Year: 2018

Year Built: 2018

Country: United States

Dimensions

LOA: 40' 0" (12.19m)

Speed, Capacities and Weight

Cruise Speed: 30 Kts. (35 MPH)

Max Speed: 38 Kts. (44 MPH)

Accommodations

Total Cabins: 2

Hull and Deck Information

Hull Material: Fiberglass

Hull Finish: Plastic

Engine Information

Engines: 2

Manufacturer: Volvo

Model: D6-370

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Air step 2

Air Step 2 is an evolution and an upgrade of the first generations based on Beneteau's customer experience and their R&D Department.

The concept remains the same as the first generation: a V-shaped step under the hull with hard chines in the aft that generate a perfect grip when turning. The step creates an "air cushion" which reduces the drag thus improves performances and brings a smoother ride.

Air Step 2 has different air intakes under the hull. These are more simple to build but most of all they dramatically increase the air flow in the step.

There is **3 times more air** than the first generation air step. The results are significant:

- **1.5 knots more** in top speed
- Even less bow rise than in generation one. (*almost no bow rise at all*)
- Can now carry **1,500 lbs more load** and gear onboard without decreasing top speed (*this means more equipment and comfort with the same performance*)

Exterior

Mooring Equipment

- Swivel bow fitting with anchor securing system
- 1000 W Electric windlass (with remote control)
- 2 Forward cleats, 2 central and 2 aft in stainless steel

Safety on Deck

- Half open pulpit in stainless steel with guardrail and hand rail
