Manufacturer Provided Description In 1978, Mainship launched its first 34 Trawler, which created a class of boats all its own. Twenty-Six years later, Mainship launches another 34 Trawler. Based on the same premise of economic, comfortable cruising at highly affordable prices, this boat will be sure to capture the heart of serious cruisers worldwide. Mainship engineers and designers have utilized every available space in the boat to offer a centerline queen berth master stateroom, full head with stall shower and a salon large enough to entertain in. The galley includes a two-burner range, microwave oven, coffee maker and dual-voltage refrigerator and freezer. Countertops are genuine Corian and all hardware and fixtures are first-class. The covered aft deck includes molded steps to the bridge for safe and easy access.

The upper helm station carries full instrumentation, and there is plenty of room for electronics as well. An optional lower station is available as well. The proven hull design is easily driven by the standard single diesel or by twins. A full sand shoe protects the single screw model, while twin screws are recessed into efficient tunnels for shallow water operation.

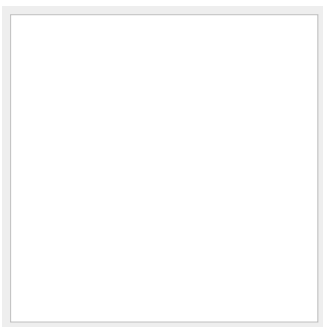

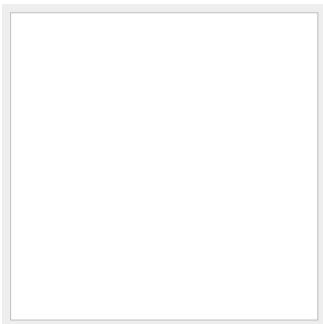

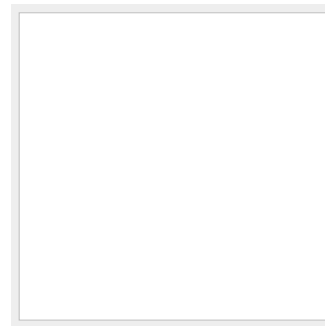

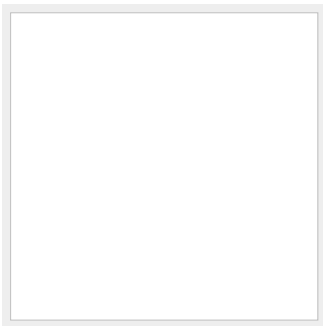

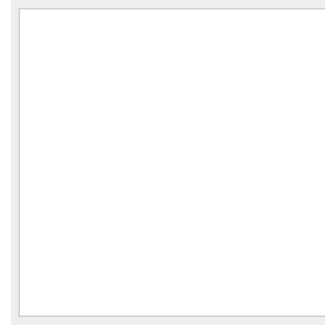

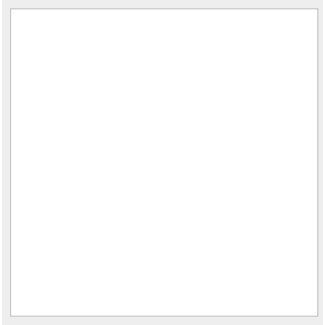

Exclusions

Owner's personal belongings.
