SPECIFICATIONS

Overview

Very nicely-maintained 2006 example of the **Windy 42 Grand Bora**. Built in Norway by Windy, this 2 xD6-350 (410 hrs) 42 has full teak, bowthruster, white hull, air-conditioning and the twin aft cabin 6-berth layout. Mainly kept indoors, with dinghy garage, vast-one-level cockpit, 43 knots performance, a hyper-agile hull with excellent sea-keeping and twin sunpad areas, this 42GB is a sensational Windy to own.

- Foredeck sun cushion.
- Brand new rear sunbathing cushions.
- Hydraulic trim tabs with indicator.

Construction

Windy are a product of traditional craftsmanship, enhanced with the aid of modern technology. The latest technological innovation is the Wintec hull concept, which gives improved performance, greater strength and reduced noise throughout the vessel. The hull is reinforced with advanced multi axial glass fibre matting and Divinycell. This allows a reduction in the boats weight of up to 20% whilst offering noticeably improved stability. All the Windy models are CE-labelled. This means that Windy meets all the requirements laid down for quality control documentation and product liability within the EU. In the process of obtaining approval, the company has also introduced new methodologies construction principles and more advanced construction production equipment, resulting in more cost-effective and quality oriented processes in-house. But above all, Windy is a “Boat Builder” and not a manufacturer of boats, a philosophy which characterizes their production staff and all those within their distribution network.

Engine Configuration

- 2x Volvo Penta D6-350 EVC diesel engines Duo Prop outdrive.
- Engine hours - 410 hours as of October 2018.
- Volvo Penta - EVC throttle controls.
- Power steering.
