SPECIFICATIONS

Overview

Price Just Reduced - An Excellent Value !

Running Rigging replaced - December 2018

The 1996 Catalina 28 was Cruising World Magazines “Boat of the Year” pick for best Pocket Cruiser. The brilliant design makes her good for Club racing or cruising. She is easy to handle for single sailing with all lines led aft to cockpit, roller furling genoa, and Dutchman flaking system on mainsail. Sail under 45' fixed bridges and across Okeechobee Waterway with this sloop's 41' 1” bridge clearance! Relax in cockpit with friends on cockpit cushions and raised stern rail seats. There is a walk-thru transom with swim ladder for fun in the water, easy dinghy access, and with hot and cold cockpit shower. The interior layout is spacious and comfortable for 4-6 friends and family. Salon has twin settees surrounding large folding table. It sleeps 4 in forward double v-berth cabin and aft double berth cabin plus the settees sleep 2.

Manufacturer Provided Description

The Catalina 28 MarkII incorporates the best modern features with Catalina's classic styling. This careful blend of innovation and traditional values ensure the Catalina 28 MkII will pass the test of time. Notable features of the deck are the walk-through transom, stern boarding platform, and easy access forward on the wide unobstructed weather decks. The ergonomically correct cockpit seats and coamings reflect an understanding of the importance of the cockpit to the comfort of the crew. Roomy, functional cockpits are a Catalina hallmark. The sail controls, including the single-line reefing system, all lead to the security of the cockpit. The rig is masthead with double spreaders and fore and aft lower shrouds permitting powerful headsails and narrow sheeting angles for good windward performance. The interior is spacious and comfortable. The galley and head are aft for convenience to the cockpit. Special attention has been given to the traffic patterns, ventilation, storage and privacy. The new galley features molded countertops and increased storage. The headroom is generous and all berths are extra long, uncommon but welcome features in a 28-footer.

Equipment List

Catalina 28 Mark II Specifications - Standard Equipment - 135% furling genoa, Dacron with U.V. protection - Mainsail, Dacron with reef, full battens, and Dutchman flaking system - Internal halyards, low stretch Dacron - Internal adjustable outhaul - Internal main boom topping lift - Stainless steel standing rigging - Double spreader rig w- in line uppers, intermediates, and fore and aft lowers - Boom vang Sail Handling and Equipment - Self tailing winch for mainsheet and main halyard - Mid boom traveler car and multiple purchase traveler adjustment system - Winch for jib halyard - Both halyards led aft to cockpit - Winch handle - Genoa tracks, inboard port and starboard - Two genoa low lead blocks - Two self tailing primary winches - Headsail furling gear
