## Overview

---

**PRICED TO SELL - A Real Value - WITH MTU'S & JET DRIVES**

***REFIT CAN BE FINISHED - WITH YOUR CUSTOM INTERIOR***

This high speed, shallow draft, jet driven Denison superyacht was commissioned in 1986 and has had a number of extensive refits during her life, including a major refit in the last two years. A full exterior paint job has been completed recently, with careful fairing and blister repair completed to ensure a "as new" yacht finish. A complete interior refit was completed in 2007, including a fantastic large modern kitchen. This yacht boasts a very large cockpit, large swim platform, and a boat deck with two davits to house the mandatory tender and toys. Four spacious cabins, all with en-suites, provide great accommodations for guests, with separate crew quarters and bathrooms.

A large flybridge provides ample room for entertaining while taking in the phenomenal views provided by this elevated position. With a significant amount of refit work now completed, a few items remain for the new owner to take on, which will have this fantastic 118' superyacht ready to resume her highly successful charter operation, or for the owners to enjoy her all to themselves.

Located near Harbour Towne Marina in Dania Beach, FL.
