## Overview

---

Forget the tiny home or RV...this is a spacious house on the water where you can celebrate the live-aboard lifestyle and move from place to place when you want a change of scenery! She is currently located on the beautiful St. John's River in Palatka, FL, in a transferrable liveaboard-friendly slip. But her engine runs beautifully and she's not stuck by any means. Take her where you want her! Her interior has been completely remodeled, and features a queen bed, full bathroom, a small loft that can be used as a guest room or children's room or as storage, a modern kitchen, and a beautiful party deck with new canvas awning! She's been stored in fresh water her entire life and her systems have been maintained well. This is not a houseboat that is stuck in one place--move her freely! Relax on the foredeck and grill out inside the full new screen enclosure that will protect you from the Florida mosquitos, or invite friends over and throw a party on the massive top deck. You can steer her from both inside and out...take her for a sunset cruise on the river! These are well-loved boats and have a following...be sure to view the photos!
