Overview

The Azimut 85 Fly is a Grand Tourer of the sea; stately, luxurious and panoramic, this is the yacht conceived by Stefano Righini and Carlo Galeazzi together with Viareggio's Azimut team. A concept that evolved into a - nearly 88 feet long and over 20 feet wide - villa on the sea for up to 10 guests.

Ample windows on both decks, dilated volume and original layout are only a few of the many assets on this new 85 fly Owner version, as the title infers, gives more importance to the areas dedicated to the owner with a large full beam suite amidships with private access from the lounge and two separate "his and hers" en-suite bathrooms.

Light, spacious and welcoming, the main saloon of the Azimut 85 Fly is the apogee of understated elegance. The 85 has a comfortable rounded sofa aside the modern pilot station. In addition, the elegance of the owner's stateroom is perfectly blended with an excellent use of space, while mirrors and light colours enhance the spaciousness of the owner's sumptuous bathroom. The comfortable VIP cabin is located in the bow of the yacht and two port and starboard twin guest cabins, each with ensuite facilities complete the accommodations.
