## Overview

---

The 85-foot (25.93m) PRINCESS 85 MOTOR YACHT draws on many of the features found on her larger sibling, the 95 Motor Yacht. Equipped with a fully open flying bridge, the PRINCESS 85 MOTOR YACHT is meant to be enjoyed in sunny destinations. Given her sporty handling, plus speeds approaching 28 knots, this flybridge yacht should also make island hopping more than enjoyable.

Meanwhile, inside, from the saloon to the four staterooms, you will find a spacious and luxurious layout in walnut satin wood creating an elegant, yet contemporary atmosphere for 8 guests in 4 cabins.

Conveniently located in Turkey and maintained to an outstanding standard by her permanent crew, this PRINCESS 85 MOTOR YACHT is the large flybridge yacht that buyers dream of finding.

Delivered in 2009, this PRINCESS 85 MOTOR YACHT is low hours but has cruised enough to find and alleviate any initial snagging problems found on all new vessels. Out to the shipyard every season - with new bottom paint, zincs, and cleaned props - this PRINCESS 85 MOTOR YACHT presents the rare opportunity to acquire a better-than-new motor yacht in turn-key condition at an incredibly competitive price.
