SPECIFICATIONS

Overview

Since the Crealock 37 was first introduced, it has proven itself countless times, in all corners of the world, to be the true world voyager that it is. It's solidly built to withstand the test of time and miles. Its excellent performance and balance, both upwind and downwind, in light as well as heavy air, is well established

Custom built for each owner, each Pacific Seacraft has a different number of options built into them. 'SABLIER' has more than one generally finds and has been constantly upgraded during the current and previous owners' stewardship. She has been lovingly cared for, but the time has come for them to move on to other things in life.

Some highlights that make 'Sablier' stand out above her competition are:

- **Updated Sails - 2015 and Newer**
- **Updated Plumbing / Electrical 2015-2017**
- **Running rigging and more 2014 -2016**
- **New Propane System / Force 10 Stove - Oven 2015**
- **Much, much more!!!**

'SABLIER' represents a rare opportunity to own one of the finest examples of this famous Crealock design. She is truly ready to go cruising now- just put your gear on and go.

She is seriously for sale and certainly worth taking a look at! Call today and make an appointment to see her!

Basic Information

LOA: 37' 0" (11.28m)

LWL: 27' 9" (8.46m)

Beam: 10' 10" (3.30m)

Clearance: 47' 9" (14.55m)

Speed, Capacities and Weight

Displacement: 16000 Pounds

Water Capacity: 85 Gallons

Holding Tank: 16 Gallons

Fuel Capacity: 37 Gallons

Accommodations

Total Cabins: 21

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Hull Finish: Fiberglass

Hull Designer: W.I.B. Crealock

Engine Information

Engines: 1

Manufacturer: Yanmar

Model: 4JH2E

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Features

Accommodations

Forward stateroom: Beginning in the forward cabin, there is a shelf forward, with double door chain locker access. Next is a 6'6" x 50" offset double berth with a custom Tufted Topper. The hullsides are finished in a lapstrake fiberglass- no uncomfortable carpet to lie against. Beneath the berth are three drawers and two large storage bin spaces. A dressing seat, vanity and mirror provide a convenient place to put on your sandals (or heels!). Storage includes a large double hanging locker, with a shelf above that. There is more cabinet storage along the port hull side and storage behind and beneath the seat. Lighting and ventilation are good, with an overhead hatch, a Hella fan, three opening ports, one LED overhead light and a brass LED reading light.

Head: Moving into the head, which is located next aft to starboard, you will find a fiddled counter with a stainless steel sink, pull-out shower mixer and a fresh water foot pump. There is sliding door storage behind the sink and head, and storage below the sink. A drop down teak seat is over the Groco manual head. There are several teak grab rails for safety; a large teak framed dressing mirror, dual teak soap holders, and a teak shower grate with sump. Ventilation and lighting come from a dorade vent, one opening port and an overhead LED light.

Saloon: Next aft is the saloon. To port is a 6'4" long settee with storage below it and behind it, and a teak planked magazine rack and storage bins with two LED brass reading lights above that. Across on starboard is an L-shaped dinette with a drop leaf teak table. The table has three center storage spaces. An insert can be put in to convert this to a comfortable 6'4" x 50" wide double berth. There is storage below and behind the seating; above that is a teak planked bookshelf with teak lockers on either end. Two more brass LED reading lights are located on this side of the cabin. There are two Hella fans, two fire extinguishers, two hatches, one dorade vent and four opening ports in the saloon and galley areas.

Galley: Aft of the dinette is the U-shaped galley. There are two deep stainless steel sinks oriented towards the saloon, with hot and cold pressure water as well as salt and fresh water foot pumps and storage beneath the sink. Outboard of that is a cutting board, which cleverly conceals a trash bin. The Force 10 3-burner stove, with storage behind it and below it, has an oven as well as a broiler with a fire blanket nearby. There is a custom stove cover that provides more workspace in the galley. Aft of that is a large icebox with refrigeration, with hinged lid access and teak storage lockers above.

Nav station: Across from the galley on the port side is the nav station. The chart table is a comfortable size and there is convenient access to the drop down electrical panel. A wet locker is located beneath the table and there is storage under the seat. There is a tube chart storage locker above the quarter berth for rolled charts and another double-door storage cabinet above that. The quarter berth behind that boasts a spacious 7' x 42" wide sleeping area.

Galley

- Deep double stainless steel sinks
- Scandvik H/C chromed bronze water mixer
- Fresh water foot pump
- Salt water foot pump
- Sink insert butcher block cutting board
- Countertop trash bin with butcher block top
