SPECIFICATIONS

Overview

MY Indian is a displacement Explorer vessel built in steel and aluminum by Italian yard Cantieri di Pesaro under its fortunate series Naumachos 82. Engineered by HydroTec and built to RINA standard, she's a go-anywhere vessel which can comfortably and safely cross the oceans as well as spend extended period of time out at sea without the need to restock fuel and supplies. She boasts an impressive 180 gross tonnage and can be registered under the 24 mt thresholds although her length overall measures 25,5 mt. The volumes of MY Indian aren't any similar to the ones of a 25 mt though: the lower deck features one full beam owner cabin aft, one VIP cabin forward and two guest cabins with a pulmann bed that take to 9 the number of total guests. All cabins have en-suite bathrooms, generous spaces and more than 2 meters room height. On main deck, a main salon is cleverly designed to offer both dining and lounge areas, the latter particularly characterized by two facing sofà of different shapes. The service aboard proves to be of the highest standards: chef can benefit of a galley whose size is unseen in yacht of this size. The crew can rest and take time off in the generous dinette and crew quarters located forward on main deck. Owners who love al fresco dining and the joy of open air activities will love the design and outfitting of the exterior areas: MY Indian offers a main deck cockpit with two facing structural couch and two coffee tables; a main deck cockpit with a fully enclosable dining area, external galley and raised sunbed; a sun deck with two additional aft sunbeds and a forward area that can be fitted with free standing loungers. The main engine is a heavy duty, professional use 700 hp Baudouin that can operate continuously 25.000 hours before its first revision. To date, with 4.800 hours, the engine is at 19% of his life cycle. The engine tops 12 knots of maximum speed and offer a range 4.500 nm at cruising speed. An additional take-me-home Nanni engine is equipped for further Owner reassurance and can drive MY Indian at 6,5 ks of cruising speed. MY Indian underwent two refitting since her delivery in 2008; details are provided in the last pages Wof this brochure along with the list of works - included a RINA inspection and confirmation of class - conducted in 2018.

Basic Information

Category: Expedition Yacht

Model Year: 2008

Year Built: 2008

Refit Year: 2017
