AN EXCLUSIVE AND LUXURIOUS WORLD AWAITS YOU

Enter the world of Jeanneau Yachts!

The elegance created by Philippe Briand and Garroni Design positions the Jeanneau 53 as a

sailboat of exception in the range of yachts over 50'.

The comfort on board, the level of finish, and the perfect ergonomics were carefully designed to make every moment aboard special.

Numerous deck hatches and portholes flood the inside with light emphasising the rich materials found throughout: leather, stainless steel, and the newly varnished woodwork

The Jeanneau 53 offers a level of standard equipment unequalled in her class. A luxurious lounge sits opposite a wide and comfortable dining area and just forward of the spacious, well-equipped kitchen. Each interior layout features optimised ergonomics and storage. With numerous interior layouts, the Jeanneau 53 has been designed to meet every need.

Come and make every moments aboard the Jeanneau 53 memorable

Construction

Isophthalic NG gelcoats used to ensure bright and lasting finish. Polyester resins used throughout.

Each batch of resin and gelcoat receives laboratory testing before use. Finite element analysis was performed in high-load areas during the engineering process. All aspects of design and construction are certified by the Bureau Veritas.

HULL Monolithic GRP hull hand-laid into a 2-part opening mould. Barrier coat used to guard against osmosis.

HULL STRUCTURE 3rd Generation counter-moulded structure glued and laminated to hull for strength. High-load zones cut-out for access to the hull. Subooring in saloon area framed with aluminium.

8 HULL PORTS in acrylic, bonded from exterior

BULKHEADS are bonded to both the hull and deck using special high-performance polyurethane adhesives

COVE STRIPE indentation moulded into hull along with arrow at bow

BILGE AREAS finished with a gelcoat paint

INJECTED DECK using a 2-part mould via Prisma Process®. Coring and laminate materials are laid up dry before the mould is closed. Once closed, resin is injected into the void. This process yields a very high-end part that is finished on both sides and reduces the weight by 30% with minimum impact on the environment. Specifications and Inventory - Subject to modification

APPENDAGES

Each appendage was designed by Briand Yacht Design to correspond to the navigation profile of a stable, offshore cruiser.

SAFETY & STANDARDS

Peace of mind is part of the Jeanneau experience, which is why safety is standard. We conduct extensive finite element analysis of our structural systems, design secure handholds throughout, utilize large hatches that double as emergency egress routes, and only use the highest quality deck fittings. This helps create the legendary Jeanneau seaworthiness that comes with 50 years of experience in building offshore boats.
