SPECIFICATIONS

Overview

- "Fair Wind" is a 41 Lord Nelson, classic canoe stern, cutter rig vessel built to take you anywhere you want to go. She is a proven ocean going cruiser that has travelled from the Pacific Northwest through Panama and Caribbean, Lake Erie, Nova Scotia to Norway and back! Her 63' bridge clearance also makes her ICW friendly. Many upgrades and always well maintained.
- Recent survey shows above average condition and is available to qualified buyers.
- Change in circumstance now forces sale and offers a fantastic opportunity for the next buyer to go cruising this season with a very well outfitted vessel!
- NEW in last 2 months of 2018: All Lithium batteries, Rainman portable watermaker, Rochna anchor, Hypalon RIB dingy and 15hp outboard, Honda 2000 generator, Magma grill and Electric head
- Previously upgraded with:
 - Repowered 75 hp Yanmar 2003, with 1000 hr Yanmar service 2016, freshwater use only until 2014
 - New Mainsail and Stackpack 2016
 - Updated Electronics 2014 include chartplotter, radar and autopilot
 - Globalstar Sat phone
 - Air conditioning 2016
 - Bimini, dodger, full enclosure 2016
 - Chain plates, standing rigging replaced 2016

Total Cabins: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 1

Manufacturer: Yanmar

Model: JH3TE

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

History

Fair Wind is a proven bluewater cruiser. Taiwan constructed. She has enjoyed several owners who all cared for her very well as evidenced by her above average condition as noted on a recent survey. Previously reported to have travelled from the Pacific Northwest through the Panama canal and through the Caribbean. In 1994 she adventured safely across the Atlantic from the Chesapeake to Bermuda, the Azores, Ireland, Scotland and returned via Iceland, Newfoundland, Nova Scotia and back to the Chesapeake. They sold it in 1999 to the next owners who took it to the Great Lakes and owned her for 10 years. A new Yanmar engine was installed in 2003. The next buyers purchased her in 2008 to 2018 and kept her on Lake Erie until they brought her to Florida in 2014. The Yanmar has been in freshwater for the greater portion of its life.

Vessel description and construction

"Fair Wind" is a 1982 Lord Nelson 41, masthead cutter rigged, canoe stern, aft cockpit sailboat. She has a full keel, prouched sheer and high bulwarks and teak bowsprit. The 3' high 1 1/2" SS stanchions and double lifelines coupled with high toerail and large anchor platform give the crew room to work securely on deck. The mast is stepped on deck and uses a solid wood compression post under the cabin trunk. Heavy SS safety bars are on each side the mast. The hull is a solid fiberglass encapsulated layup with encapsulated lead ballast. It is a full displacement hull with a full keel and a full rudder hung by gudgeons. The deck is cored and has had the teak side decks removed and refinished with awlgrip non-skid. The cabin top has teak insets pads that are glue down with bungs. The cockpit is surrounded by teak with teak pushpit and cockpit sole.
