SPECIFICATIONS

Overview

The Explorer Motor Yachts 50' Pilothouse has been conceived to provide everything you would expect to find in a true semi-displacement trawler yacht design, while retaining the flexibility to personalize the finer details. This allows us to exactly fit the owner's personal cruising style and benefit from the latest technology and developments in boat building techniques and state of the art equipment.

A generous hull volume allows for a remarkably spacious interior with a two or three cabin layout, totally separate pilot house with internal flybridge access and twin side deck doors, a single level saloon and excellent all around visibility.

A time-proven deck layout further compliments this traditionally built, hand crafted trawler yacht which is guaranteed to receive attention in any port or anchorage it visits.
