SPECIFICATIONS

Overview

The Intrepid 323 Cuddy is a premium day boat designed mostly for cruising, but versatile enough to be set up for fishing as well. Like all late-model Intrepid products, the 323 rides on a single-step deep-V hull known for its soft ride and agile handling characteristics. There are several innovative features on this boat, beginning with a pop-up console electronics display and Intrepid's signature lounge seating forward of the console. A transom door and insulated port fish box are standard in the cockpit, and small dive platforms flank the outboard engines. Forward is a flush cuddy cabin with a V-berth, hanging locker, and a space-saving head that swivels out from under the step at the touch of a button. (A galley cabinet was optional. Standard features include cabin carpet, trim tabs, and a thru-bow anchor chute. It's important to note that Intrepids are semicustom boats, and just about everything in the way of equipment was optional. The 323's stepped hull is vacuum-bagged and fully cored. A popular model, twin 300hp Mercury Verado outboards.
