# SPECIFICATIONS

---

## Overview

---

**GT40#159 Will be showcased at the Beneteau display during the Miami Boat Show 2/14/19-2/18/19**

The new design of the Gran Turismo line is tailored to the American market. The new 40 GT will be replacing the very popular 38 GT which was launched in 2012. Her main differences from the 38 GT are her new sexier lines designed by the famous Nuvolari-Lenard architects, her re-designed cockpit layout which now includes a hydraulic swim platform option, and the re-designed head layout which now offers an enclosed shower stall.

**Every new Beneteau comes standard with a 3-year stem to stern warranty and a 7-year structural warranty.**

## Basic Information

---

**Category:** Motor Yacht

**Model Year:** 2019

**Year Built:** 2019

**Country:** United States

## Dimensions

---

**LOA:** 40' 0" (12.19m)

**Beam:** 12' 8" (3.86m)

**Max Draft:** 3' 9" (1.14m)

## Speed, Capacities and Weight

---

**Displacement:** 16861 Pounds

**Water Capacity:** 53 Gallons

**Fuel Capacity:** 172 Gallons

---

## Accommodations

---

**Total Cabins:** 2

**Total Heads:** 1

---

## Hull and Deck Information

---

**Hull Material:** Fiberglass

---

## Engine Information

---

**Engines:** 2

**Manufacturer:** Volvo

**Model:** D4

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

## FACTORY Installed Options

---

- Trim Level Loung 2019
- Luxe Decor Pack
- Electronics Pack 2019
- Electric Swim Platform
- Infinity Carpet Beige
- AC on Cockpit and Cabins
- Taupe Lacquered Furniture in Galley

## Air Step 2 Hull Design

---

**Air Step 2** is an evolution and an upgrade of the first generations based on Beneteau's customer experience and their R&D Department.

The concept remains the same as the first generation: a V-shaped step under the hull with hard chines in the aft that generate a perfect grip when turning. The step creates an "air cushion" which reduces the drag thus improves performances and brings a smoother ride.

Air Step 2 has different air intakes under the hull. These are more simple to build but most of all they dramatically increase the air flow in the step.

There is **3 times more air** than the first generation air step. The results are significant:

- **1.5 knots more** in top speed
- Even less bow rise than in generation one. (*almost no bow rise at all*)
- Can now carry **1,500 lbs more load** and gear onboard without decreasing top speed (*this means more equipment and comfort with the same performance*)

## Exterior

---

### Mooring Equipment

- Swivel bow fitting with anchor securing system
- 1000 W Electric windlass (with remote control)
- 2 Forward cleats, 2 central and 2 aft in stainless steel

### Safety on Deck

- Half open pulpit in stainless steel with guardrail and hand rail
- 2 Stainless steel handrails on access to side decks steps

## Cockpit

- Self-bailing cockpit
- Access through a gate with safety catch
