SPECIFICATIONS

Overview

After extensive research, development, and sea trials, Everglades is excited to announce the unveiling of our latest model! The new 340DC marks Everglades' reentry in the dual console market, and while it is a departure from the models that make up the rest of our center console fleet, the Everglades DNA is evident the moment you step aboard. Luxury and comfort take center stage, with a spacious 96sqft cockpit, and double-wide seating at the starboard helm and port companion seat. Unlike most boats of this type, the port companion seat features a fold-down portion, making it easily convertible into a chaise lounge. The companion seat also lifts to reveal storage for life jackets and the like. If you want the best view, you'll find it in the expansive bow seating of the forward lounge, which sports a built-in insulated cooler. Relax and socialize with friends around the adjustable bow table, which removes and stores easily for even more space. Alternatively, the bow can be completely sealed off with the center door and windshield. As the first of its kind, the windshield silently slides open or closed, with the push of a button, and a mere 12 volts. No pumps, no hoses or fluids, no hydraulics.

Basic Information

Category: Sport Fisherman

Sub Category: Dual Console
