SPECIFICATIONS

Overview

Four Friends' sporty nature combines speed and high-performance with all the comfort expected of a large motor yacht. Four Friends is powered by two MTU engines harnessing 2,735hp, giving this 33m Mangusta 108 a cruising speed of 25knots and an impressive top speed of 34 knots.

Four Friends' crisp, white hull gives this yacht a timeless and smart finish. Following an extensive refit in 2007, Four Friends' interior now features plush soft furnishings in cream and grey, which pair seamlessly with her white décor.

In the main salon, Four Friends can boast a 50' pop-up television and the space benefits from a hydraulically operated sunroof, large L-shaped settees and smaller tables, which make for a casual and relaxed space that flows out to the main deck through floor-to-ceiling glass doors.

On the aft deck, there's a circular table for dining al fresco with curved, cushioned banks of seating and, further aft, there are fixed sun pads and steps leading down to the teak-laid bathing platform. Additional sun pads can be found on the bow.

Four Friends offers accommodation for up to eight guests. There are three en suite doubles and an office that can be converted to form a very comfortable fourth cabin with a fold-down double bed. Each cabin is equipped with large flat-screen televisions and an integrated audio-visual system.

In addition to the owner and guest accommodation, Four Friends has three en suite crew cabins (sleeping five) and a separate crew mess.
