SPECIFICATIONS

Overview

With the room, comfort, and accommodations of a larger boat, Feisty, this R-25 Ranger Tug is a seaworthy, weather-protected tug with lots of air and light. It's perfect for those who want lots of room in a compact package to satisfy their wanderlust without the fuel consumption of a big vessel. And with the accompanying dual-axle trailer, you can explore inland waterways not accessible to boats confined to coastal navigation. When not cruising, Feisty has been kept on a lift in the owner's covered boat house for the past few years, and before that was in the Chesapeake. She has low hours, and is in great shape with everything working. Consider her a must see, if you're ready to own a boat to take you on The Great Loop or beyond.

Basic Information

Category: Trawler

Sub Category: Tug

Model Year: 2008

Year Built: 2008

Country: United States
