# DETAILED INFORMATION

---

## Walkthrough

---

Boarding the JOHNSON 108 is from the extra long swim platform, from a floating dock or onto the spacious Aft Deck via port or starboard side deck FRP doors from a fixed dock.

The swim platform is covered with teak and has stainless steel hoop rails allowing for safety at sea. Twin four step staircases lead to the teak covered Aft Deck with both loose and fixed seating around a boat shaped dining table. The main deck Day Head is aft and accessed only from the Aft Deck.

Centerline doors lead to the spacious Salon with an unusual but practical arrangement with the dining table for six aft on the starboard side and seating for up to seven on the portside.

Forward is a four place two level bar which is the focus of the Salon area.

Forward to port is the full galley able to be closed off from the Salon and with its own side deck entry door.

Forward to starboard is the Accommodation Foyer with stairs to below, access to the doghouse and most forward the entrance to the opulent two level Master Suite.

The king size berth is on centerline facing forward with twin nightstands, vanities and a popup TV at the foot of the berth. Stairs to both port and starboard lead to the lower level head with twin vanities, two hanging lockers and private toilet and shower compartments.

The lower level accommodations include a queen size VIP en suite Cabin all the way forward. Next aft to port is a twin lower berth cabin with a private head and shower.

Further aft approximately midship are two identical cabins with athwartships double berths and full heads with stall showers.

The Crew Area is accessed only from the portside deck. A private Captain's Cabin to port has a double berth, desk and a private head with a stall shower.

To starboard is a full Crew Galley and dinette followed by a twin upper/lower cabin with a private head and shower.

The area usually occupied by a Pilothouse becomes an Office/Observation Area as the full helm is only steps away in the Skylounge.

The Skylounge has the helm to port followed by a walk behind bar and Day Head all the

way aft.

To starboard is a forward facing settee followed by a large L shaped settee.

Aft outside, is a BBQ grill area followed by the Boat Deck with a very large wrap around seating area all the way aft.

The Engine Room is accessed via the Crew Cabin centerline.

---

## Salon

---

The Salon of the JOHNSON 108 is entered via electrically operating centerline dark glass doors with stainless steel trim.

Paneled in high gloss Anigre and filled with light from her large house side windows the Salon is bright and airy.

Immediately to starboard when entering is a coffee station inset into the cabinetry with a storage cabinet below. Next forward is a glass topped six place dining room table with six loose chairs.

To port upon entering the Salon is an inset area in the cabinetry for an owner supplied artwork. Forward are four curved cabinets with a glass top.

Further forward is a four place sofa in off white leather, a wood coffee table and two matching white leather chairs facing the sofa. Opposite to starboard are curved cabinets with a popup TV and stereo gear. An additional eight cabinet doors offer storage under the house side window.

Above is a backlit Anigre rectangle shaped ceiling detail that is centered in the Salon extending well forward.

All the way forward in the Salon is a curved bar unit with a glass bar surface, three forward facing stools and a lower level bar top with an undermount stainless steel sink. Four cabinet doors below the bar offer storage.

On the forward bulkhead are both wood and textured glass cabinets framing a unique display of mounted wine bottles.

The Salon has (27) overhead LED lights.

---

## Galley

---

Forward to port is the yacht's Galley. The Galley has two round porthole type windows plus a rectangular window forward. A portside entry door gives the crew easy access.

Features of the Galley include: GE Double door stainless steel dishwasher Bosch Ceran top 4 burner cooktop Bosch stainless steel built in oven Bosch stainless steel dishwasher Bosch stainless steel trash compactor Bosch Down Draft range ventilator GE stainless steel convection microwave Stone countertops Undermount stainless steel sink Removable spray faucet (6) Anigre drawers (6) Anigre cabinet doors (8) Lacquered cabinet doors Stone sole (6) LED overhead lights Starboard Side Companionway Going forward from the Salon is a wider than normal Companionway with an exterior Pantograph door, hanging locker, stairs to the lower deck, two round porthole windows, stairs up to the Observation Room, access to the doghouse and the yacht's electrical panel. All the way forward is a door to the on deck Master Suite.

Overhead are four LED lights.

---

## Starboard Side Companionway

---

Going forward from the Salon is a wider than normal Companionway with an exterior Pantograph door, hanging locker, stairs to the lower deck, two round porthole windows, stairs up to the Observation Room, access to the doghouse and the yacht's electrical panel. All the way forward is a door to the on deck Master Suite.

Overhead are four LED lights.

---

## Master Cabin

---

Approached from the aft end the on deck Master has a bank of eight curved black glass windows providing a 270 degree view forward.

The king size berth is off the aft bulkhead with drawer storage below. A padded headboard connected to a high gloss Anigre ceiling treatment mimicking the shape of the berth.

A built in upholstered footer creates a seat at the foot of the bed.

To both port and starboard are free standing nightstands with glass tops and swing arm reading lights above.

To port is a two person settee followed by two cabinets, a vanity and two more cabinets. Other than the vanity area the countertops are glass. The same arrangement, less the settee, is to starboard.

Central is a popup TV cabinet with a glass top either side of curved teak and holly steps to the lower level head.

Overhead are eleven LED lights.

---

## Master Head

---

The head area is open to above with a large double vanity forward. The vanity has two large cabinets flanking six central drawers.

Above are undermount sinks on a stone countertop with three double mirrored door medicine cabinets above.

To port is a private head compartment. To starboard is a large shower with a glass door, seat, overhead and wall mounted shower fixture.

The sole is stone to match the countertops. A large hatch gives access to the forward bilge and storage area.

Overhead are seven LED lights plus two in the closets, one in the toilet room and one in the shower.

---

## Accommodation Companionway

---

The eight curved teak and holly steps to the lower staterooms start from the Starboard Side Foyer just aft of the steps up to the Observation Area.

The lower deck is carpeted with the same high gloss Anigre wood as the main deck. Just forward of the stairs is a two door linen locker. All the way forward is a queen size VIP Cabin with an en suite head. Opposite the stairs is a twin lower berth cabin with an en suite head and aft are two identical queen size guest cabins with athwartship berths each with an en suite head.

---

## VIP Cabin

---

Entered from the aft end the lower deck the VIP Cabin has a queen size berth off the forward bulkhead. The padded headboard has two small swing arm reading lamps. Twin round floating nightstands flank the berth. A curved ceiling soffit over the head of the bed adds interest.

To port starting forward are two large cabinets with glass tops followed by a vanity with a removable upholstered stool.

To starboard are matching glass topped cabinets followed by a two person settee and a full size hanging locker.

Above the cabinets both port and starboard are two opening portholes behind sliding Soji screen type sliding shades.

Aft to starboard is the en suite head. Overhead are ten LED lights.

---

## VIP Head

---

The head has a stone sole and off white lacquered walls. A round Anigre two door vanity with a stone top and undermount sink mimics the round nightstands of the VIP Cabin. The toilet is a Sealand Vacuflush model. The opening porthole is behind sliding panels.

The stall shower has a clear glass door and a handheld or wall mounted fixture.

Also in the head are three overhead LED lights, an exhaust fan, air conditioning vent and a mirrored medicine cabinet.

---

## Twin Guest Cabin

---

To port and entered via the aft end is a twin lower berth cabin with two drawers below each berth. Between the berths is a raised nightstand with a single cabinet door below and a glass top above. Each berth has a directional reading light.

Above the outboard berth are six Anigre cabinet doors with sliding Soji screen panels above concealing an opening porthole.

At the foot of the outboard berth is a full size hanging locker.

Aft in the cabin is the entrance to the en suite head. Overhead are four LED lights.

---

## Guest Cabin Head

---

The Guest Cabin Head has a stone sole to match to the countertop above the Anigre vanity cabinet. The toilet is a Sealand Vacuflush toilet. The corner shower has a clear glass door, handheld or wall mountable fixture and an exhaust fan.

Also in the head is a mirrored medicine cabinet, an air conditioning vent and four overhead LED lights.

---

## Port Aft Guest Cabin

---

Entered from the forward end the Port Aft Guest Cabin is very inviting and in the quietest part of the yacht. The berth is centered on the outboard bulkhead.

There are five drawers under the berth with additional storage under the lift up

mattress base.

One side has a glass topped nightstand with a storage cabinet below. The other side has a full size hanging locker. Above the berth are eight Anigre cabinets with a sliding Soji screen above that conceal three large vertical portlights that allow plenty of light. At the foot of the berth are two cabinets with a glass top and a TV mounted above. Aft is the entrance to the private head. Overhead are four LED lights.

---

## Portside Aft Guest Cabin Head

---

The sole of this head is stone that matches the vanity top. The vanity is round with two Anigre cabinets below and an undermount sink above.

A round mirror that pivots as needed is above the vanity. Both open and enclosed storage area are adjacent. The toilet is a Sealand Vacuflush model.

The stall shower is tiled in matching stone with a seat, clear glass door, light and a handheld or wall mountable fixture. A frosted pothole is within the shower.

Also in the head is an exhaust fan and three overhead LED lights.

---

## Starboard Side Aft Guest Cabin

---

Entered from the forward end the Starboard Side Aft Guest Cabin is very inviting and in the quietest part of the yacht. The berth is centered on the outboard bulkhead.

There are five drawers under the berth with additional storage under the lift up mattress base.

One side has a glass topped nightstand with a storage cabinet below. The other side has a full size hanging locker. Above the berth are eight Anigre cabinets with a sliding Soji screen above that conceal three large vertical portlights that allow plenty of light. At the foot of the berth are two cabinets with a glass top and a TV mounted above. Aft is the entrance to the private head. Overhead are four LED lights.

---

## Starboard Side Aft Guest Cabin Head

---

The sole of this head is stone that matches the vanity top. The vanity is round with two Anigre cabinets below and an undermount sink above.

A round mirror that pivots as needed is above the vanity. Both open and enclosed storage area are adjacent. The toilet is a Sealand Vacuflush model.

The stall shower is tiled in matching stone with a seat, clear glass door, light and a handheld or wall mountable fixture. A frosted pothole is within the shower.

Also in the head is an exhaust fan and three overhead LED lights.

---

## Office/Observation Area

---

This area is normally occupied by the Pilothouse but with the Skylounge just four more steps up the area is perfect for an office/desk. Eight vertical dark tinted windows offer a 270 degree view forward. A swivel arm chair (helm chair style) is centerline with a drawer and adjacent cabinets.

Up two steps aft to port is a three to four person leather covered observation lounge seat with an Anigre table. Several hinged top cabinets and doors offer abundant storage and equipment access.

Four centerline steps leads to the Skylounge.

The sole of this area is teak and holly. Overhead are nine LED lights.

---

## Skylounge

---

Entered via the forward starboard corner the Skylounge houses the yacht's only helm forward to port.

Three curved clear glass windows forward offer an excellent view.

A raised three person seat is forward to starboard adjacent the helm. Next aft is a six person white leather settee with an aft end table and a two place loveseat facing forward to create a large seating group. An Anigre coffee table lies in front of the sofa.

Opposite to port is a large two level bar with a sink, stone top, drink refrigerator, microwave, icemaker and storage.

All the way aft is the yacht's Day Head with a Vacuflush toilet and vanity with sink. Overhead are twelve LED lights.

A centerline auto door leads to the Boat Deck, BBQ and additional seating area.

The entire Skylounge has a teak and holly sole.

---

Main electrical panel with: (28) 24 Volt breaker protected circuits & digital volt/amp meters (6) 240 Volt breaker protected circuits & digital volt/amp meters (2) Onan start/stop switches w/hour meters Master Volt inverter control panel Head Hunter tank sentry for sludge tank Head Hunter tank sentry for forward waste holding tank (3) Grey water (shower) pump controls

## Remarks

The JOHNSON 108 was custom built and delivered to a client in Asia who could not use her as intended.

In late 2018 the yacht was brought back to Johnson Yachts for a refit and refreshing of her interior and exterior soft goods.

The yacht is now stored inside the shipyard awaiting her new owner. It should be noted that while the yacht was built for 50 HZ service, she could be refit with all 60 HZ equipment to make her fully functional without a frequency converter. This job would be undertaken by the same people who first built her and would be undetectable from new.

Another simple option would be to install a frequency converter, but an electrical refit while at her original build yard would be a rare opportunity.

Either way this like new yacht is very seriously for sale.

---

## Exclusions

---

While every effort was made to list all pertinent included equipment aboard JOHNSON 108, there are some personal belongings aboard. Prospective purchasers should assume any item not specifically mentioned herein will not convey at closing.

---

## Exclusions

---

Owner's personal belongings.
