Fuel Type: Diesel

DETAILED INFORMATION

OVERVIEW

LADY LEILA, designed by Juan Carlos Espinosa, was built to Det Norske DNV class to be MCA compliant. Delivered in 2008 she's been consistently updated and improved since then, most recently with a comprehensive refit in 2018 which included a full paint job, overhaul of the stabilizer system, soda blasting the hull bottom down to the epoxy and reapplying various layers of barrier coats and antifoul, removing props and shafts for balancing, replacing shaft seals, replacing all underwater lights, cleaning and recoating all tanks, replacing interior marble counter tops, converting interior lights to LED, generators overhauled, descaling of entire raw water system, replaced air conditioning fan coils as needed, and new main engine and generator battery banks, and much more (see "Refit 2018"). This vessel features a beautiful high gloss cherry interior with marble, onyx, and granite accents throughout. With vast exterior guest areas, and a large garage for tender and toys, she's also a great charter option. Lady Leila accommodates up to 10 guests in five staterooms including two full beam on-deck master cabins, one on the main deck and one on the bridge deck, along with King VIP, Queen and twin staterooms below. Equipped with twin Caterpillar C32 engines, twin 80KW Onan generators, zero speed stabilizers, two 1800 GPD watermakers and shorepower converter. Additional features include a commercial stainless steel galley, two spacious outdoor aft decks, oversized sundeck with wet bar, Jacuzzi and an air conditioned dayhead. LADY LEILA is available for immediate purchase, having recently completed an extensive refit and various mechanical services, this yacht represents exceptional value in today's market and truly in "turnkey" condition. **Highlights** • Full paint job 2018 • Two on deck masters • Zero Speed Stabilizers • MCA compliant • Completed 10-year class survey • ASEA shorepower converters • New AC chiller plant • Enormous sundeck with dayhead • Integrated Crestron system • Commercial grade galley • Tender garage • 10 guests in 5 staterooms • Interior and exterior dayhead • New bottom paint • Dynamically balanced props and shafts • New shaft seals • All new underwater lights • All tanks cleaned and recoated • Boat converted to LED lighting • All new marble counter tops
