## Engine Information

---

**Engines:** 2

**Manufacturer:** Suzuki

**Model:** 300

**Engine Type:** Outboard

**Fuel Type:** Gas

---

# DETAILED INFORMATION

---

## Overview

---

The design concept is simple, take a well-proven hull, that is stable, fast, fuel efficient and delivers a very sea kindly ride and give it a new "open" deck to make it one of the most versatile boats available on the market.

The Cape Powercat 3500 PH, ticks all the boxes and then some. You will have specific option choices that will allow you to set up your new 3500 PH as a "family fun Vessel" or maybe you want to set her up to allow for more fishing, the choice is yours.

## Forward Cabins

---

The design allows for two separate interior cabin spaces. The access is just opposite the helm on either side. To port, You will have space for a cabin with a double berth. If the owner chooses not to have a berth, this cabin can be set up for storage. The Starboard cabin will contain a head with stall shower.

## Pilothouse

---

The Pilot House is laid out around a centerline helm with excellent 360-degree visibility. The standard will be a double bench with a flip over backrest, to allow aft facing seating when not underway. There will be plenty of room for all the latest Electronic offerings.

Aft to port you will find a nice galley with refrigeration, propane cooktop, and a microwave. Starboard aft you will find an L-settee surrounding the salon table.

The standard boat will come with canvas side curtains and a canvas aft curtain. Optional sliding glass windows are available for the sides opening and a custom hard aft enclosure is available for those that want a completely enclosed pilothouse.

Our offerings will allow you to set up the boat for your style of boating.

## Cockpit

---

The cockpit is wide open with entry gates on both port and starboard sides. The options available in the space all the way aft will be: Built in grill, wet bar, refrigeration/cooler, additional seating, tackle center, live well and space for a gen-set. You will also have your choice in colors for the decking.

The cockpit sole will be at the same level all the way forward to the u-shaped settee, so

boarding from the dock or climbing out of the water on to the large centerline platform is very easy.

## **Mechanical**

---

The design is for twin outboards. We are offering twin outboard 300 hp as the standard with the option of twin Outboard 350 hp.

## **Exclusions**

---

Owner's personal belongings.

## **Disclaimer**

---

The Company offers the details of this vessel or yacht in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his representatives, agents, or his surveyors, to investigate such details as the buyer desires validated.
