## Overview

---

**This Pershing-built yacht boasts high performance and advanced propulsion. Equipped with two MTV 12V 2000 M93 engines, TOYZ 4 BOYZ has a top speed of 45 knots and a cruising speed of 40 knots, which makes her one of the fastest production yachts on the water.**

Designed by Fulvio De Simoni, the motor yacht's interior is every bit as iconic as the boat itself. It showcases a contemporary styling utilizing a neutral color palette, light oak wood and Paltrona Frau leathers. Stepping aboard one will notice the designer's clear vision for entertaining. TOYZ 4 BOYZ's open plan salon is surrounded by expansive windows, which creates fantastic views that dazzle guests. Enhancing the on-water experience, the motor yacht features a fully retractable aft door and window that seamlessly blurs the lines between the salon and cockpit to create one great venue for entertaining.

TOYZ 4 BOYZ accommodates six guests in three well-appointed staterooms. The yacht's full-beam master stateroom has a spacious feeling thanks to large hull windows that fill the space with natural light. This stateroom is an oasis complete with a relaxing chaise lounge by the windows, an upgraded entertainment system and lovely en-suite mosaic bathroom. The motor yacht's additional staterooms include a VIP stateroom forward and a twin-bed stateroom to port - each guest stateroom features a full-size en-suite bath.

Motor yacht TOYZ 4 BOYZ features many upgrades, which add to the ultimate on-water Pershing experience. Upgrades include a water maker, diesel polishing system, slow speed diesel cooler, air-conditioned engine room and underfloor pantry, two toy inflators in the garage and additional underwater lights up that lead up to the master suite hull window, just to name a few.

## Key Features
