ХАРАКТЕРИСТИКИ

Обзор

When it comes to Luxury and Quality, details make the difference. This 57' McKinna is the full walk-around version with a 17' 6" beam, only a handful of these models were ever built (previous version had a 15'6 beam and no side deck). She has an African Cherry Birdseye wood interior with 3 staterooms and 2 heads. The 57 McKinna Pilothouse is a very desirable cruising yacht with a custom build quality not typically found on the average production boat. She is equipped with a Bow Thruster and Hydraulic Stabilizers giving you the ease of maneuvering and one comfortable ride.
