SPECIFICATIONS

Overview

Attention to detail defines the Liberty 45. Her sleek lines and low profile give Dreamcatcher a head turning presence on the water. Maneuverability, speed and efficiency combine to give her an amazing ride. Powered by two 900 HP common rail MAN diesel engines, she cruises at 30 knots while consuming an economical 50 GPH. Dreamcatcher's 9'x12' cockpit is designed with the serious angler in mind. The Liberty 45 provides a classy and comfortable experience whether cruising or fishing. Dreamcatcher's services are all up to date and she is in "turn key" status.

DETAILED INFORMATION

Description

Attention to detail defines the Liberty 45. Her sleek lines and low profile give Dreamcatcher a head turning presence on the water. Maneuverability, speed and efficiency combine to give her an amazing ride. Powered by two 900 HP common rail MAN diesel engines, she cruises at 30 knots while consuming an economical 50 GPH. Dreamcatcher's 9'x12' cockpit is designed with the serious angler in mind. The Liberty 45 provides a classy and comfortable experience whether cruising or fishing. Dreamcatcher's services are all up to date and she is in "turn key" status.

Additional Information

A unique opportunity to purchase one of the finest custom built midsize sport fish yachts in her class. Liberty Yachts was founded in 1976 in West Palm Beach, FL and purchased in the late 1990's by naval architect Joe Corvelli. Corvelli designed the 45 along with Charles Janice with a sharp focus on layout and functionality. The Liberty 45 was built to branch out from the already existing successful 42 hull which they offered in an open and convertible model. The Liberty 45 is designed and built with a low center of gravity and a low profile providing a stable ride and functional layout. Powered by a pair of 900HP common rail MAN engines, she easily cruises along at 30 knots burning 50 GPH with a top speed of 38 knots. Most of the boat is built using Nidacore honeycomb coring and other various core materials including the joinery and countertops to keep weight down and also serves as a great sound barrier. Maintaining Dreamcatcher in Bristol condition has been the priority by her current caring owner over the last 4 years. Updates include: All new Garmin electronics, All new AV equipment package including KVH HD sat dome, recent 1000 hour engine service, new Phasor generator, A full top side paint job using Awl Craft 2000 was performed in 2017 to name a few. The opportunity comes once in a lifetime to have a chance to own a remarkably high end well built custom mid-size sportfish. Always maintained in turn-key condition she is available and ready for her next home.

A full write up from Power and Motoryacht magazine can be found here from 2007.

Accommodations
