## Overview

---

Truly the nicest, cleanest, most mechanically sound Whitby 42 on the market! Come see why these boats are so well loved! Cruise-ready! Recently surveyed — ask!

Forward cabin provides a 6'4"-long V-berth with drawers and bin storage below. Additional storage is in hinged flip-down cabinets along the hullside. Screen opening cabin ports to port and stbd and an opening overhead hatch provide natural light and fresh air.

Just aft to port is the forward head with stainless sink supplying hot and cold pressure fresh opening port provides ventilation. Storage is in outboard cabinets and behind a flip-down door under the sink.

The main salon offers 6'7" headroom with 6'6"-long settees to port and stbd. The port settee pulls out to create a double berth, and a teak pedestal table on center has 2 leaves that flip up to create a large surface for dining. A hinged teak door above the stbd settee folds down to reveal a deep liquor cabinet with amber glass windows. Light the tiled fireplace fwd to stbd for ambiance or to take the chill off a damp day. Fresh air and light pour through screened opening ports, fixed cabin ports, and another overhead hatch. Storage is in drawers under the settees, in cubbies behind the settee backs, and in cabinets and on fiddle shelves along the hullsides.

The nav station is located aft of the salon, to stbd of the companionway. A large hinged chart table flips up to reveal storage, with additional storage behind outboard sliders. Further aft in the passageway to the aft cabin is a workbench with storage for tools below and electrical panels above. Double doors open across from the workbench for access to a spacious engine room under the cockpit.

The aft master stateroom offers 6'2" headroom and a 6'3"-long U-shaped berth. 6 screened opening ports let in air and light, and a second companionway provides private access to and from the cockpit. Storage is in a hanging locker with a teak louvered door to stbd, in a cabinet

---

and drawers to stbd, and behind teak flip-down doors along the hullside to port and stbd, and under the berth. A private aft head with stainless sink supplying hot & cold pressure fresh water is to port. Storage in the head is in cabinets behind the MSD. A screened opening port provides

- Teak and holly cabin sole
- Rich teak joinery and hull ceilings
- Tiled fireplace
- Brass bulkhead mounted cabin led lights
- Recent Bemis salt water manual MSD in both fwd and aft heads
- Shower attachments for faucets in both fwd and aft heads

## Galley

The safe U-shaped galley is conveniently located to port of the companionway. Storage is ample behind hullside slider cabinets, in deep drop-bin dry goods storage, under the sink in 3 drawers, and behind 2 flip-down cabinets. A screened opening port provides ventilation while a fixed port provides a view above the stove.

- Double basin stainless sink
- Hot & cold pressure fresh water
- Manual fresh water foot pump
- Shipmate 3-burner propane stove and oven
- 12V Nova Kool refrigerator under counter
- 7cu/ft freezer/ice box
