Toolbox in Engine room Propspeed Aft sun shade for cockpit

Manufacturer provided description

The ingenious design of the eagerly anticipated 75 Motor Yacht offers efficient, agile cruising, enabling you to plane at lower speeds. Her deck layout provides you with a variety of options to entertain or relax including a walkthrough foredeck with U-shaped seating and sunbathing area. She's also sociable whilst underway with L-shaped seating either side of the upper helm. The flybridge also offers space aft to fit a crane and store a tender. Her elegant exterior conceals a voluminous interior.

Natural light flows in to her main deck through extended window lines and a unique full-height window on the port side to make the free standing dining area a spectacular place to entertain. Forward on the lower deck, all three guest cabins are en suite whilst a dedicated staircase leads to the owner's stateroom amidships via a private lobby area.

Winner of the Asia Boating Awards 2016
