SPECIFICATIONS

Overview

Another successful collaboration between Germán Frers and Nautor, the Swan 90S 'Alix' is the quintessential performance cruiser combining elegant and powerful lines with Finnish quality to achieve an aggressive beauty. The anthracite grey colour scheme and customized four-cabin interior with Wengé and tinted oak give Alix a modern edge while maintaining the classic and timeless appeal of a Swan yacht. Alix is under original ownership since new and has been based in the Med with light usage during the summer months except for two winters in the Caribbean (2011/2012 and 2016/2017). She has done a few charters each year but not more than three weeks annually. The owner has carefully selected the charter clients. Alix has been maintained to the highest level and benefits from three substantial maintenance periods in 2014, 2015 and 2018. The new engine, carbon standing rigging and complete paint job have kept her looking and working like new. The yacht is MCA LY2 coded for commercial use and was inspected by MCA in June 2018.
