Overview

OWNERS DESIRE A QUICK SALE - ALL RESONABLE OFFERS CONSIDERED!

WEATHER GIRL TOO was designed by renowned naval architect Tom Fexas, pioneer of the “retro” look that brought low profiles, graceful and flowing lines, and lean, efficient hulls back into vogue offering an alternative to the white, boxy, sterile looking boats offered to the masses. Something apart from the mainstream, much like the many custom designs up to 140’ he did for individuals that were built by famous builders such as the Palmer Johnson shipyard. With his Midnight Lace series of yachts he presented an option for the discerning boater who wanted something unique. A yacht with character, style and functionality for those who sought a boat with personality and comfort in a skin designed to run fast, comfortably and efficiently invoking memories of the “Rum Runners” of a bygone era. It was for this reason the current owners purchased “Lady Lace” in 2007 and renamed her WEATHER GIRL TOO. Sailors for many years and also owners of a stunning classic 1947 Chris Craft 20’ Custom “Añejo” during that time, they were looking for a cruising yacht after retiring from sailing. When they saw the Midnight Lace 52 Command Bridge with her beautiful sleek lines and glistening black hull they fell in love just as you will when you see her first hand. A long time friend and client who purchased and sold several yachts through me once said “Phil, when I walk down the dock or approach my boat in a tender I want to love what I see”. I can honestly say, when you approach WEATHER GIRL TOO, you will love what you see and you will immediately imagine yourself at the helm, cruising down the waterway, doing the Great Loop or sitting quietly at anchor in the islands sipping a libation and planning where your next day’s exploration will take you. If you are looking for your next boat and want something striking in form, functional and efficient at all speeds, yet comfortable and accommodating for you and your family and guests, look no further, WEATHER GIRL TOO is your boat. She is only offered for sale because the owners are retiring from yachting. Listed previously when they weren’t fully committed to selling she is today, re-priced indicating their now steadfast decision to let her go. Standing tall with her CAT 1000 hour service recently completed she is ready for you to step aboard and cruise off to your "One Particular Harbour". “And there’s that one particular harbor Sheltered from the wind Where the children play on the shore each day And all are safe within. I know I don’t get there often enough But God knows I surely try It’s a magic kind of medicine That no doctor could prescribe” Jimmy Buffet

Basic Information

Category: Cruiser

Sub Category: Downeast

Model Year: 2003

Year Built: 2002

Country: United States

Dimensions

LOA: 51' 6" (15.70m)
