SPECIFICATIONS

Overview

“Lisa Anne” is an outstanding example of the best selling Tiara 4300 Sovran. Tiara designed the Sovran specifically for the Volvo IPS system from the ground up to capitalize on the small footprint of the pods for a much more spacious interior. Benefits from the advanced propulsion system include increased fuel economy and unheard-of docking maneuverability with the simple Joystick control. This particular Tiara Sovran has the optional helm deck air conditioning with aft enclosure for year-round comfort and upgraded teak flooring that shows exceptionally well with cozy, upscale warmth and premium soft goods. Ample seating throughout the Tiara Sovran provides a plush and comfortable experience. “Lisa Anne” has been mechanically maintained to the highest standards by her knowledgeable owner and is now seriously for sale. If you have been considering a low hour, first-class cruiser, you will not be disappointed. Full service performed 6/13/2018 by certified Volvo technician. Fresh bottom paint, hull and topside detail/wax March 2019! Please schedule your appointment before she’s gone!
