## Overview

---

The AKHIR 108 has two decks with raised pilothouse plus sun deck with “V” bottom hull and superstructure built in Glass Reinforced Plastic (GRP). The vessel is a motor yacht with planning hull, twin screw propellers and twin diesel engines. Considered to be the hallmark of Cantieri di Pisa, the interior design shows an elegant and sophisticated use of natural teak and red paduk. Standard layout accommodates up to ten guests across two twin cabins, a VIP cabin and a full-width owner’s suite on the lower deck. The owner’s private office can be converted into a double stateroom to sleep the extra two guests.

The design and construction of this yacht will be done strictly in accordance with the following specification and the contractual drawings. In case of discrepancy between the contractual drawings and the present specification the intent of this specification shall prevail. All the materials used and works carried out shall be in conformity with the Builder’s shipbuilding standards for this class of yachts. The Builder may change the equipment herewith specified with equivalent type subject to approval with the Owner’s representative.

## KEY FEATURES

- Motor Yacht under construction (will be delivered in 9 months)
