## Overview

---

**Combines sportiness and elegance. With its exclusive interior layout, it proves to be an elegant loft designed to assure owner and guests entertainment and relaxation.**

**The 100' Leonardo is a class of its own; a yacht of extremely refined design with uniquely stylish and dynamic lines. The superstructure is set slightly further back towards the stern to further highlight the dynamic and aggressive character of its profile, leaning further towards the horizon.**

**A dynamic concept, spacious sun decks and unique solutions - such as the staircase that links the fly bridge to the saloon or the crystal ceiling panel of the wheelhouse - make the 100 Leonardo a great ambassador for style and creativity. Exterior spaces are a feast for one's eyes with its unique layout that breaks the traditional standards for yachts in this class. This provides the owner with the ideal boat to maximize the pleasure of entertaining and ensuring that every moment aboard is experienced as intensely as possible.**

**A wonderfully exclusive loft at sea. This is probably the most accurate description for the 100 Leonardo, designed to host social occasions aboard, at any time and any place, thanks to an unparalleled level of privacy. The saloon has been conceived as a space to be experienced in the most intensive way and allows for an incredible scene: fly bridge, cockpit and the stern section filled with happy guests... proof of its unquestionable lively character.**
