SPECIFICATIONS

Overview

Unarguably one of the most beautiful Ferrettis ever made, the new 850 is an object lesson in styling elegance. The plethora of windows in the hull and superstructure, for which Ferretti are famous, have been so cleverly designed that they don't just blend into the profile they actually give it an extra dimension in design flair.

The 850 has three guest suites, two doubles and a twin, plus a superb full-beam owner's suite in the centre of the boat. This is a boat designed to be fully crewed, and so that the crew cause minimum disturbance to the guests the crew quarters, galley and bridge are together in a separate and self-contained section at the front of the boat.

Naturally, the 850 features Ferretti's popular powered lifting and lowering stern platform, to make light work of launching and recovering the tender to the stern garage. A hardtop is an option for the flybridge, and includes an extending section to provide additional shade over the rear of the flybridge when required.

KEY FEATURES

- **Fin Stabilizers**
- **Third Control Station**
- **Satellite and Wi-Fi**
- **Garage for tenders and crane at flybridge**
- **Hydraulic Platform**
- **2 Crew cabins located at bow, entrance from galley**
- **Daily Head**
