ХАРАКТЕРИСТИКИ

Обзор

The Irish Rose has a new pair of engines, pods, transmissions and generator. She just had her teak eyebrow varnish renewed (she was ordered without teak toerails), new bottom paint and her hull and topsides were polished. She is ready for her new owners.

The Irish Rose had an engine incident in January of 2018, and took on water into the engine room and lazarette areas. because of this water intrusion, she was brought to us to put her back into top notch condition. She does not have a salvage title, as the damage did not warrant such. Here are the main items that were replaced:

- New 2019 Cummins QSB 6.7 380hp diesels
- New 2019 Zeus pods
- New 2019 Onan 9kw generator
- New battery charger
- New Mercury solid state compass
- New water heater
- New fresh water pump
- New fan and control board on A/C unit
- New A/C seawater pump
- New isolation transformer
- All new batteries
- All new battery cables
- All new battery switches
- New shore power control power
- New engine motor mounts
- New AC and DC wiring where needed
- New starboard exhaust tube and hoses
- New air compressor and tank for horns
- New engine ECMs
- New oil change system

Water did not come up or over any of the floors in the boat. The boat has 216 original hours on her, and was maintained with the utmost care and it shows. A unique opportunity to own a 3 year old boat with tons of new equipment at a very attractive price. The engines have full warranties until April of 2021, the pods April of 2020 and the generator through April 2024. A current survey is available.
