Overview

Open to all offers! Best express deal on the market

The Vanquish 50 is handmade entirely out of aluminum. With lines like a Stealth fighter jet, this day boat projects an aggressive figure across the water. The cockpit contains a high sunroof that adds head room and the exterior space has an aft deck with room for eight people. There is also a foredeck area used for entertaining that can be shaded by a parasol. Inside is a galley, bathroom and a cabin that sleeps two people. The Vanquish VQ50's performance ability matches that of her bomber jet aesthetic - she can bolt across the water at speeds of up to 39 knots, making her one of the fastest super yacht tenders around.
