SPECIFICATIONS

Overview

The 35' Cabo Express was first introduced in 1993. It did not take long for serious sport fishing fanatics to start buying this extremely high quality sport fishing machine. In 2000, her hull design was modified to have a sharper bow that was also flared slightly to vastly improve her head sea capabilities and offer a drier ride in challenging sea conditions. She is without question the best in her class in this size range. These boats were built to the highest standards, expertly engineered and have incredible fit and finish throughout. One look at the inside of the electrical distribution panel will bear that out. The cockpit is huge for a 35' boat. It features a transom live well, two in deck fish boxes, bait prep center, ample tackle storage, bait freezer, and transom door with gate. In 2018, her current owner invested in excess of \$50,000 to refit her. The refit included a total new paint job, new exhaust systems, new Glendinning controls and engine ECMS, LED lighting, main engines were overhauled, soft goods were renewed, New four sided strataglass vinyl enclosure, Rebuilt generator, new VHF radio new port engine turbo and new cockpit coaming padding. This vessel is 100% ready to go!!!

Basic Information

Category: Sport Fisherman

Sub Category: Express

Model Year: 2003

Year Built: 2003

Country: United States

Registration #: TX8749-LS

Cockpit: Yes

Dimensions
