Layout and Accomodations

The gracious standard cabin layout of the 400 Sedan Bridge has two large staterooms, two head areas, and a spacious midlevel galley with a salon-level breakfast bar. The forward stateroom has a full-size bed, cedar-lined hanging locker, floor storage, private head and shower. The two twin beds in the port stateroom easily convert to a king-size bed. There's plenty of room for stowing personal articles in the hanging cedar-lined locker, built-in drawers, and floor storage. The guest head with shower is right next door. The salon comes complete with an electric sleeper sofa, flat panel TV, cocktail table, and a full dinette. Deep-pile marine-grade carpet with granite-colored countertops and tables, with handcrafted wood trim throughout.

Galley

Kenyon flush-mounted three-burner electric stove Dometic DM2652 refrigerator freezer (new in 2018) Panasonic Genius Premier Microwave 1000W Black 'n Decker Coffee Maker Shelves and Cabinetry for Storage Corian like hard surface counter top Hot 'n Cold Pressurized Water

Flybridge

Molded steps with a security hatch and gas-assisted latch provide safe access to the

spectacular bridge, which offers a choice of two seating plans. The first allows for a starboard helm station with added room for electronics and custom slide and swivel helm seats. The second plan provides plenty of room for socializing with a portside helm station with dual companion seat plus spacious U-shaped bridge seating with a sunpad, filler cushions, and cocktail table. For good looks and easy maintenance, both designs include snap-in carpet liner, burl instrument panels, an aluminum framed venturi shield, fiberglass spoiler, Bimini top enclosure, new bridge aft enclosure, and a double sunpad aft of the seating area.
