15. COMMENT

“SPECTRE” is a fabulous example of the cutting-edge 116 which is built upon the

proven platform of its hugely popular predecessor, the 115 Sport Yacht, but takes sophistication to the next level with a spectacularly reimagined deck and superstructure, open-plan layout and stylish modern interior. SPECTRE boasts a superb specification and the opulent Wenge Satin interior. One of the most exciting features on the 116 is the vast foredeck space which features a sail canopy sunshade and fore deck Spa Tub, this creates a superb area for guests to enjoy. The flybridge also offers ample space for entertaining with both dining and coffee table arrangements both of which can be covered by the electrically operated sun canopy.

NOTE: Some running images shown in the spec are from a sistersip.
