SPECIFICATIONS

Overview

2008 Chaparral Sunesta 244 MerCruiser MAG 350 MPI SeaCore

This is a classic bowrider from Chaparral, one of America's largest sport boat builder. The boat was kept on a lift - there is no bottom paint. Enclosed head with an opening portlight. Lots of seating and ample storage.

The MerCruiser MAG 350 MPI with a Bravo III drive provides plenty of get up and go.

This is a neat bowrider that will provide many boating opportunities for not too much money. Owner wants boagt sold - bring an offer.

Engine Type: Inboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Manufacturer Provided Description

Chaparrals revolutionary Wide Tech hull design features a deeper, wider and more roomy bow area. Storage space never ends. Stretch out. Kick back. Enjoy. At the helm, a high tech control panel encourages you to chase the sun wherever it leads. Aft, a clever rear facing seat says let the fun begin, making it easy for everyone to join in. Riding the wave of popularity for wakeboarding, Chaparral answers with Sunesta Xtreme. Hold on tight, when you go Xtreme youll never go back. A custom tower houses up to eight wakeboards with two brackets that swivel inboard for easy access. The tower also provides the perfect spot for a custom high output sound system that rocks...literally. An onboard ballast system lets you fine tune perfect wake conditions. On the dash, Perfect Pass brings cruise control to the wake boarding world. You can program in individual speeds and never have to adjust the throttle again. An oversized integrated transom platform with a protective rubber mat provides the ideal launching pad for all kinds of watersports. On the hullside, custom Tattoo graphics stand out at every turn. Instead of relying on traditional white gelcoat, even the hull bottom is color matched. Xtreme buyers can choose from a wide assortment of color options. Sunesta Xtreme offers tournament-level wakeboarders all the wake characteristics of a direct drive with the added comforts of an enclosed head and a cockpit entertainment center. Most importantly, our stable, secure and dry-riding deep-V hull design allows you to enjoy the water long after the flat bottom inboards have high tailed it off the lake at the first sight of even a mild wind chop.

Engine Notes

Max hp displayed as standard.
